

BioRem-2000™

SOLVENT SAFETY SPILL KIT

- Micro-powered; remediates organic solvents.
- Rapidly absorbs and contains the spill.
- Elevates the flash point to above 60° C significantly reducing flammability.
- Reduces hazardous vapors caused by solvent spills.
- Treats many common hydrocarbon solvents, fuel spills and reagents.
- Minimizes waste and residue for disposal.
- Clean up is safe and easy, unlike activated charcoal.
- Self-contained kit is easy to carry, store and use.
- Brightly colored spill kits for easy and quick recognition.
